Dental Select offers the availability of multiple networks with provider access in the areas you need. With a few simple steps, it is easy to find the best provider for you and your family.

1. **Look at your Dental Select ID card to verify which dental plan and network you are on.**

   If you need help or need a replacement ID card, please contact a Customer Service Representative at 800-999-9789 prior to receiving services.

2. **Visit www.dentalselect.com and click on the Find a Provider button on the top right of your screen.**

For Vision Providers, select the Find a Vision Provider button on the top right corner of your screen.

3. **Complete the requested information to search or verify the Dental Select contracted provider of your choice.**

   With Dental Select, members can visit any dentist they choose but your out-of-pocket cost savings are best when visiting a contracted provider.
