ARUP CONSULTATION COLLECTION INSTRUCTIONS

Collection
Collect all diagnostic slide preparations, such as hematoxylin and eosin (H&E), special stains, immunohistochemical slides, and/or paraffin-embedded block(s), along with relevant pathology report(s), a complete clinical history, and a brief explanatory note, and transport to ARUP.

If special studies, such as cytogenetics, flow cytometry, PCR, FISH, EM, IHC, or IF, are required, submit additional tissue in appropriate fixative.

Materials shipped during the summer months should be protected from excessive heat.

For more information or to order anatomic pathology test-request forms (ARUP supply #32960) and/or tissue transport kits (ARUP supply #47808), contact ARUP Client Services at (800) 522-2787.

ARUP clients: Please follow the standard submission process. Contact your ARUP account executive or ARUP Client Services at (800) 522-2787 if you require assistance.

Non-ARUP clients: Collect all diagnostic slides, along with required materials and an ARUP anatomic pathology test-request form, and ship in an ARUP transport kit via FedEx (or other trackable carrier) to one of the following locations:
