For the sweet sounds of life

Have you heard? Vision and hearing loss often go hand-in-hand. Mature adults¹ and diabetics² are likely to experience both sensory impairments. Research also shows an increase of adults in their 20s and 30s with hearing loss.³ And that impacts you – the employer – since 95% of those with untreated hearing loss feel that it affects their on-the-job performance.⁴

At EyeMed, we're all eyes and ears about your employees' health and wellness. That's why we teamed up with Amplifon – the world's largest distributor of hearing aids and services – to add affordable hearing care to every EyeMed vision benefits package.
