

HOME HEALTH SERVICES

Offered by eviCore healthcare and other participating providers

Cigna offers a network of national ancillary providers to ensure convenient access to cost-effective, quality medical supplies and equipment in the home setting.

Home health care services provided by eviCore

As of February 1, 2021, eviCore healthcare (eviCore) will manage home health care, durable medical equipment (DME), and home infusion therapy for Cigna commercial customers. eviCore has a national network of providers who offer these services.

eviCore will provide care coordination and manage the network, while Cigna will perform the clinical coverage review for services that require precertification. To access the list of services that require precertification, go to the Cigna for Health Care Professionals website (CignaforHCP.com) > Precertification process: Learn what services require precertification > [complete list of services](#).

The following information outlines the highlights of the eviCore program. On the other side of this flyer, you can find information about providers who perform in-home medical services not offered by eviCore.

Services provided by eviCore	Examples
DME	Beds, wheelchairs, walkers, and scooters
Enteral nutrition	Pumps and enteral nutritional support
Home health care	Nursing, therapies, social work, and home health aides
Home infusion therapy*	Anti-infective therapy, total parenteral nutrition, pain management, inotropic therapies, immune globulin, enzyme replacement, and REMICADE®
