35% Off Discount

By being a member with **Dental Select**, you and any family members (older than the age of 15) can purchase Smilelove at 35% off. This means you can love your smile for only \$1221 instead of the regular price of \$1895.

How It Works

1. Smilelove will mail you an impression kit to take molds of your teeth from the comfort of your own home.
2. Send them back and our licensed orthodontists will review your medical history, teeth molds, and photos to create a preview of your teeth after treatment.
3. You approve the preview, and we make and mail your aligners right to your front door.
