A Laboratory Test Access Tool

[Laboratory Name] and ARUP Gateway offer a unique, joint test directory that delivers seamless access to [Laboratory Name]'s test mix, ARUP's referral tests, test selection guidelines, diagnostic algorithms, PubMed citations, and the National Guidelines Clearinghouse, a public resource for evidence-based clinical practice guidelines.

[Laboratory Name]'s test access site links directly to ARUP Consult®, ARUP's dynamic online reference tool that is available to all physicians and clinicians at no cost or obligation. Consult offers more than 2,000 lab tests categorized into disease-related topics and more than 65 algorithms that support clinical decision making. Coauthored and maintained by ARUP Laboratories' expert panel of University of Utah faculty, Consult content is updated and released frequently throughout the year.
