

Magnify: Sharing the stories that bring clinical laboratory medicine to life.

MAGNIFY

the art & science of diagnostic medicine

ARUP Laboratories is on a mission to advance diagnostic medicine and improve the lives of patients. Our work is driven by the compassion, commitment, and ingenuity of our scientists and staff, who make a difference in the world every day. Magnify: The Art and Science of Diagnostic Medicine, tells their stories. Read and share the stories at aruplab.com/magnify-summer22.

ARUP Experts and Testing Key to Diagnosing Autoimmune Neurologic Disorders

Early recognition and treatment of autoimmune neurologic disorders are critical for patient care. Diagnosis can be challenging, but ARUP medical experts are continually working on test innovations that enhance clinical decision-making and improve patient outcomes.
