

**ARUP**<sup>®</sup> LABORATORIES

Your Trusted  
Reference  
Laboratory  
Partner

ARUP Laboratories is the diagnostic partner you can trust, with world-class academic expertise, gold-standard service, and a broad test directory that ranges from routine to esoteric and rare disease testing.

Known for our exceptional quality, we offer a test directory that expands your health system's offerings to support patients in all your communities and through every stage of life.

With a pediatric test menu that has been curated for more than 35 years, ARUP offers more pediatric reference testing than any other lab in the industry.

# The Power of a Single Location

# Medical Consultation

As an academic nonprofit, ARUP has a commitment to advancing diagnostics for better patient care. Our medical directors and physicians both teach and drive research advancements forward.

Medical consultation and results interpretation are readily available from our internationally recognized pathologists, subspecialty qualified clinicians, board-certified clinical scientists, clinical variant scientists, and genetic counselors.

Your clinicians can receive answers to critical results interpretation questions within four hours through our esteemed Path-on-Call service.

# Decision Support

ARUP's unique ARUPConsult.com website gives clinicians test selection guidance by disease state. Offering detailed Test Fact Sheets and testing algorithms, this award-winning resource is reviewed and updated by our medical directors, who are faculty at the University of Utah School of Medicine.

# Free Continuing Education Courses

ARUP's medical directors, pathology residents, fellows, and R&D scientists publish their research findings in academic journals every year.

Our medical directors, who are faculty members at the University of Utah School of Medicine, also create continuing education courses to contribute to better patient care and advance the understanding of laboratory medicine.
