

Hematopathology Consultation

As distinguished faculty at the University of Utah School of Medicine, ARUP's hematopathologists are preeminent experts in their field. Through their research, they advance diagnostic capabilities and ensure actionable, accurate results for each patient. Our hematopathologists offer consultations on appropriate testing and result interpretation to aid in the diagnosis of blood disorders.

CONSULT WITH A HEMATOPATHOLOGIST
aruplab.com/consultations

**Madhu P. Menon, MD, PhD,
FCAP, FACSP**

Head of Clinical Operations for
Hematopathology

Associate Professor (Clinical)

Specialties: Hematopathology and
hematology (benign and malignant);
molecular hematopathology; lymphomas
(Hodgkin and non-Hodgkin); leukemias

Kristi J. Smock, MD

Vice President: ARUP Institute for
Clinical and Experimental Pathology®

Medical Director: Hemostasis/
Thrombosis Laboratory

Professor (Clinical)

Specialties: Hemostasis/thrombosis;
hematopathology

Tracy I. George, MD

Chief Scientific Officer

President: Innovation Business Unit

Medical Director: Hematopathology

Professor (Clinical)

Specialties: Hematopathology; laboratory
hematology

Archana M. Agarwal, MD

Medical Director: Hematopathology and
Special Hematology

Professor (Clinical)

Specialties: Hematopathology; RBC
membrane and enzyme disorders;
hemoglobinopathies/thalassemia;
molecular hematology

**Robert S. Ohgami, MD, PhD,
MBA, FCAP**

Vice President: ARUP Institute for
Research and Innovation in Diagnostic
and Precision Medicine™

Medical Director: Hematopathology

Professor

Specialties: Hematopathology; molecular
pathology; translational research;
innovation

Rodney R. Miles, MD, PhD

Medical Director: Hematopathology

Professor

Specialties: Non-Hodgkin lymphoma;
pediatric hematologic malignancies

Jay L. Patel, MD, MBA

Vice President: Clinical Trials and
PharmaDx

Professor (Clinical)

Specialties: Molecular diagnostics

*A nonprofit enterprise of the
University of Utah and its Department of Pathology.*

Hematopathology Consultation

Jeffrey R. Jacobsen, MD
Medical Director: Hematopathology
Associate Professor (Clinical)

Specialties: Hematologic flow cytometry; pediatric hematopathology

Anton Rets, MD, PhD
Medical Director: Hematopathology
Associate Professor (Clinical)

Specialties: Benign and malignant hematology/hematopathology; myeloproliferative and myelodysplastic neoplasms; mast cell disorders; red blood cell disorders

Kristin H. Karner, MD
Medical Director: Hematopathology and Molecular Oncology
Associate Professor (Clinical)

Specialties: Lymphoid and myeloid malignancies

Allison F. Carey, MD, PhD
Medical Director: Hematopathology
Assistant Professor

Specialties: Hemostasis/thrombosis

Peng Li, MD, PhD
Medical Director: Hematopathology
Associate Professor (Clinical)

Specialties: Hematopathology; molecular pathology

Timothy Hanley, MD, PhD
Medical Director: Hematopathology
Assistant Professor

Specialties: Morphologic analysis of lymph node and bone marrow specimens; hematologic flow cytometry; fluorescent in situ hybridization

Karen A. Moser, MD
Medical Director: Hematopathology and Hemostasis/Thrombosis Laboratory
Associate Professor (Clinical)

Specialties: Laboratory hemostasis and thrombosis testing; hematopathology

Anna M. Shestakova, MD, PhD
Medical Director: Hematopathology, Molecular Genetic Pathology
Assistant Professor (Clinical)

Specialties: Hematopathology; molecular genetic pathology

David P. Ng, MD, FCAP
Medical Director: Hematopathology, Hematologic Flow Cytometry, Applied Artificial Intelligence and Bioinformatics
Associate Professor (Clinical)

Specialties: Hematopathology; flow cytometry; machine learning

Margaret Williams, MD
Medical Director: Hematopathology
Assistant Professor (Clinical)

Specialties: Hematopathology; molecular findings in hematologic malignancies
