

INSTRUCTIONS FOR CANADIAN CLIENTS ORDERING ESOTERIC TESTS FROM ARUP

Preauthorization

- Clients may submit requests for esoteric testing to ARUP through ask.global@aruplab.com.
- ARUP will determine if the test is suitable for international shipping.
- ARUP will reply with an email containing the specimen and test requirements, the test price, an ARUP requisition form, shipping instructions, and payment options.

Submission

- Client collects the specimen and completes the ARUP requisition form, along with any other supplemental paperwork, if necessary (i.e., patient history form).
- Client packages the specimen and the requisition form, along with any other supplemental paperwork, if necessary, into an appropriate shipping container (specimen packages requiring a refrigerated or frozen stability may require additional components, such as dry ice, to maintain appropriate temperature while in transit).

Shipping

- Please ship to:
ARUP Laboratories
Specimen Processing 232
500 Chipeta Way, Mail Code 232
Salt Lake City, UT 84108-1221, USA
- Clients are responsible for all charges incurred during shipping and custom brokerage.
- Please consult local customs authorities to ensure proper shipping guidelines.
- ARUP receives specimens seven days a week.

Please check with your carrier regarding weekend deliveries.

Billing

- Payment is required prior to test performance.
- Payment options include valid credit card (Visa, MasterCard, or American Express) or bank wire transfer. Canadian clients may bypass the pre-payment process by submitting a Ministry of Health (or other government organization) letter guaranteeing payment with the specimen. In this case, client will be invoiced after the tests are completed.
- Quoted prices are valid for each individual transaction (price schedules may change at any time).
- If the client is not bypassing payment with a Ministry of Health letter and payment is still pending upon receipt of specimen, there may be delays in issuing results.

Results

- ARUP will send results to the client by secured email.
