

Specimen Sales Request

Request Date: _____ **Requester Name:** _____

Client #: _____ **Client Name:** _____

Telephone #: _____ **Email Address:** _____

Important Information:

- Orders are limited to one per week and cannot exceed 60 specimens with a maximum of 20 specimens per assay.
- We are unable to facilitate the sale of specimens for panel tests. Instead, we can offer the sale of specimens from components within the panel. The component test number must be listed on this form.
- Specimens deemed as having critical requirements by ARUP (e.g., critical frozen) are not eligible for sale.
- Specimens with critical sterile requirements by ARUP have special considerations.
- The minimum volume for sale is 0.3 mL per specimen but every effort will be made to provide more.
- Orders are handled first in, first out, and normal turnaround time for fulfilling orders is approximately 3–5 weeks (dependent on specimen availability).

Note: Shipping and specimen charges will be applied to the ARUP client invoice associated with your client number.

Note: DNA specimens are exempt from the 0.3 mL minimum.
